

Building Brighter Futures Together: 218 Students Receive Scholarship Support Worth Rs. 12.48 Lakh

We are profoundly grateful to our community of donors and supporters for their unwavering commitment to our educational mission. Through your scholarship contributions, you remove the barriers to learning for deserving students, ensuring that financial constraints never stand in the way of a child's academic potential.

At the Scholarship Distribution Ceremony held on 4 May 2026 at Gurdwara Sri Guru Singh Sabha, Vikaspuri-New Delhi, scholarships worth Rs. 12.48 lakh were awarded to 218 meritorious students from Classes 8 to 12 across Delhi and Shahbad (Haryana). Each of these students, despite facing financial hardship, achieved First Division in their examinations—reflecting resilience, discipline, and determination.

For many young learners, this support is more than financial aid—it is a turning point that affirms their efforts, relieves family burden, and opens doors to education, confidence, and hope.

Nishkam is deeply grateful to the Relief Committee of Greater New York for its steadfast support, enabling education, shaping futures, and strengthening communities year after year.

Real generosity toward the future lies in giving all to the present. -Albert Camus

From Nishkam Library to Chartered Accountant: Lekhraj's Journey of Determination

For nearly a decade, Lekhraj has been a regular visitor to Nishkam Library. Coming from a modest family in Delhi, his father works as a DTC Bus Driver and his mother serves as a Peon at Kerala Public School. Like many students living in small homes, he faced a common challenge—finding a quiet place to study.

When Lekhraj joined Nishkam Library as a Class 10 student, he found more than just a reading room. He found a peaceful environment where he could concentrate, learn, and dream beyond his circumstances. Over the years, the library became his second home, providing affordable access to books ranging from school education to professional and competitive examinations.

With determination and consistent effort, Lekhraj pursued Chartered Accountancy and completed his Articleship with S. S. Kothari Mehta & Co. from 2022 to 2025. Today, as he embarks on his career as a Chartered Accountant, he reflects with gratitude on the role Nishkam Library played in his journey.

"In a city where many students struggle to find a suitable study environment at home, Nishkam Library gave me the space, resources, and confidence to pursue my goals. I am deeply thankful to everyone who has supported this institution."

One of the most touching moments came when Lekhraj visited the library with a box of sweets, sharing with fellow students and staff. His joy and gratitude were evident as he celebrated this achievement with the Nishkam Library family that had supported him throughout his journey.

Lekhraj's success is a reminder that when students are provided with the right environment and resources, they can achieve extraordinary outcomes. Your continued support helps make stories like his possible, empowering young minds to build brighter futures.

Keeping Sikligar Children in Education Through Consistent Field Support

Across schools and villages in Uttar Pradesh and Haryana, Nishkam's education support efforts are helping children continue their studies through better coordination with schools, families, and local communities. Recent field visits focused on verifying student records, processing admissions, collecting academic documents, and ensuring timely access to books and learning materials. Several students from under-resourced families were able to stay in school, while a few who had dropped out were supported for re-enrolment after parental requests.

The team also assisted families facing financial hardship by coordinating with schools and committees for educational support. These efforts reflect how consistent donor support is enabling practical interventions that keep children in education and open pathways for a more stable future.

Nothing contributes more to make men polite and civilized, than true and genuine charity- Wellins Calcott.

It Could Be Any One of Us

None of us expects life to change overnight. One unexpected illness, an accident, or an unforeseen tragedy can take away everything we've worked so hard to build—our health, our independence, our career, and the life we once knew. It could happen to any family, including our own.

One day, any of us could find ourselves in need of a helping hand. Today, you have the chance to be that hand for Jasleen.

Education Brings New Hope: Nirmal Kaur Honoured for Academic Excellence

Nishkam Sewadars inspired students during their visit to Aligarh, Uttar Pradesh, where Nirmal Kaur received recognition for her academic achievements.

Nirmal Kaur, a Class 8 student, was honoured with a wristwatch by the Nishkam team after scoring an impressive 81% in her previous class. This special recognition celebrates her hard work and dedication to education. She belongs to Aligarh, Uttar Pradesh.

Her achievement is an inspiration for every child in the Sikligar community. Education has the power to change lives, and every child who studies today is building a brighter future for themselves and their family.

The Nishkam team hopes that Nirmal's success encourages more children to attend school, work hard, and overcome illiteracy. With determination and education, every child can achieve their dreams.

TOO OFTEN, A VAST COLLECTION OF POSSESSIONS ENDS UP POSSESSING ITS OWNER.
